MURDERER'S WIFE SHOOTS HERSELF

Sixteen-Year-Old Girl Says That Sus-
pected Slayer of Shalansky
Married Her.

Indianapolis, Ind., Sept. 25.—Declaring that she was married to Joseph Ellis, suspected murderer of Joseph Shalansky, a 16-year-old girl, giving her name as Anna Baker of 15 Nicholas avenue, Danville, Ill., shot herself yesterday at her rooming place here, in an attempt at suicide. At City hospital, where her condition is reported serious, the girl said she married the supposed murderer under the name Roy Anderson, in her Danville home on July 5.

The police yesterday learned from a railroad conductor that a man answering the description of Ellis, and carrying the suspect's suit case left Indianapolis on Monday afternoon on a train bound for Cincinnati. The conductor noted that the young man kept himself secluded in the smoking compartment.

Since Anderson, who the police believe is Joseph Ellis of Richmond, Va., washed his blood stained hands in the room to which he hired Shalansky and where he slew him and walked out of the hotel absolutely not a trace has been found of the mysterious slayer.

Publicity given the Shalansky murder, however, has revealed robberies in Philadelphia, Pittsburgh, Cleveland, Toledo and Louisville so similar to the Shalansky case that the police are satisfied the missing slayer has operated in all these cities, escaping the necessity of murder only by the ease with which he overcame and robbed his victims, all of whom, as was Shalansky, were second hand clothing dealers. Evidence that Anderson, or Ellis, was the principal in the Louisville crime at least, was found when a gold watch taken from the victim there was discovered in an Indianapolis pawn shop. The pawnbroker's description of the pledger tallies exactly with that of Ellis.

UNITED STATES LOSES TRADE.

In Cotton Goods with Countries in Asia,
Chiefly China.

Washington, D. C., Sept. 25.—The United States has been losing its position in the cotton goods trade of Asia, especially in China, where \$28,000,000 worth of American cloth was sold in 1905, and \$30,000,000 worth in 1906. These exports to China had a value of only \$7,371,958 in the fiscal year ended June 30, 1912, which further declined to \$5,796,327 in the fiscal year ended June 30, 1913. This loss of trade has been seriously felt by American cotton manufacturers and exporters, and this has led the department of commerce to undertake an investigation of the underlying conditions.

Commercial Agent W. A. Graham Clark is now en route to China and Japan to study industrial and commercial changes which cause these declining sales. China is continuing its large purchases of cotton goods, the imports last year having exceeded \$100,000,000, one-third of which came from England, which is apparently holding its own in this trade.

Japanese mills have been multiplying and obtaining a strong hold in the cotton goods trade of the Orient, where their sales last year were nearly \$60,000,000. One-third of the raw cotton spun in Japanese mills now comes from our southern states, which supplied them with only 720 bales in 1894, while 480,000 bales, worth \$25,000,000, were supplied in 1912. As Oriental peoples are now making for themselves many of the plain fabrics, which long formed such a large proportion of American exports to Asia, the commercial agent will also endeavor to learn what new textile goods we may successfully place on that market.

\$5,000,000 PLEDGED TO FIGHT HOME RULE

Unionists Will Raise Fund of \$5,000,000
to Pay Carson's
Army.

Belfast, Ireland, Sept. 25.—The Unionists conference yesterday agreed to raise a fund of \$5,000,000 to indemnify the members of the Ulster volunteers, the militia men now being drilled. From this fund it is proposed to pay the volunteers and their families for property loss, injury and death, if fighting occurs.

A constitutional provisional government for Ulster to resist Irish Home rule should the bill, which has already been passed by the House of Commons, be enacted into law was agreed upon yesterday at a secret conference attended by 600 Unionists and presided over by the Marquess of Londonderry. Sir Edward Carson helped to frame the articles.

IRISH MOURN FOR FORD.

William Redmond Tells of Grief Over
Patriot's Death.

Delany, Ireland, Sept. 25.—William Redmond, brother of the Irish Nationalist leader in the House of Commons, commenting on the death of Patrick Ford, said yesterday:

"I and all the rest of the Irish people deeply regret the sad news of the death of Patrick Ford. He was one of Ireland's best loved and a great patriot. His death is a grave loss to the Irish race and to the cause of Home Rule. Please convey my deepest sympathy to his family."

Newark, N. J., Sept. 25.—Supporters of Woodrow Wilson nominated their candidate for governor at the New Jersey primaries Tuesday, carrying every county in the state with the exception of Mercer and Essex. Frank S. Katzenbach, opposing the Wilson selection, Acting Governor James J. Fielder, was successful in those counties. Everett Colby is the Progressive nominee and former Governor Edward C. Stokes the Republican choice.

TO-REWED TWO YEARS AFTER A FRIENDLY DIVORCE

Couple to Start Married Life All Over
Again After a New Court-
ship.

Philadelphia, Sept. 25.—Divorced two years ago, after they had struggled along for eight years with "incompatible temperaments," Mrs. Anna G. Brickhead and her former husband, Arthur G. Brickhead, have fallen in love a second time and have decided to start married life all over again.

Two years of separation toned down the offending temperaments, and they believe they will now be able to live in perfect harmony.

Neither would tell yesterday where or where the re-marriage is to take place.

It was explained by friends that the divorce proceedings two years ago were quite friendly. Clashing temperaments dictated a separation, and they agreed to have the marital ties dissolved. After the divorce, Brickhead often visited his former wife, and it was not long before they began a second courtship.

MRS. MACKAY IN \$1,000,000 LOVE TANGLE

Wife of Multi-Millionaire Defendant in
Alienation Suit—Remains Secluded
in Maine Retreat.

New York, Sept. 25.—Mrs. Joseph A. Blake, wife of the noted surgeon, has served Mrs. Clarence H. Mackay with the necessary papers in a suit for \$1,000,000 for alienation of her husband's affections.

Because of the reluctance of both parties to the action to face publicity there has been a delay in filing the case in court, but unless an agreement is reached—now looked upon as impossible because of the bitterness of the plaintiff—the papers will be offered for judicial record at the coming term.

In spite of the effort at secrecy, the matter of the suit has been a subject of gossip for several months.

At the time the papers are said to have been served Mr. Mackay and his children were in the south. Mrs. Mackay was stopping at the Hotel Plaza in this city.

Mr. Mackay returned here, and on June 25 last, he sailed with the children for Europe on the maiden trip of the Imperator. He is said to have sailed under the name of R. Moore. The departure is said to have been wholly without the knowledge of Mrs. Mackay.

MAN FAILURE RESPONSIBLE

For New Haven Wreck of
Sept. 2, When 21 Were
Killed

Washington, Sept. 25.—"Man failure" all along the line from the officials and directors of the New Haven railroad down to the trainmen, is held by the interstate commerce commission to have been the cause of the Willingford wreck Sept. 2 in which 21 were killed and 35 injured.

In its report made public yesterday the commission blames the crews of the wrecked trains for lapses and scores the officers and directors for "inefficiency of management."

FLOOD LOSS \$163,000,000 IN OHIO LAST SPRING

Includes Damage to Railways, Farms,
Crops, Etc.—Second in Magnitude
Only to Disaster of 1884.

Washington, Sept. 25.—A total money loss of \$163,000,000 was caused by the floods in the Ohio valley last March. The weather bureau estimates that sum, which includes loss to railroad, telegraph and telephone lines and to farms and property, including prospective crops. The latter alone amounted to about \$11,000,000. Of the total amount, more than 70 per cent was sustained in Ohio and Indiana. In point of magnitude, the 1913 flood probably ranks second with all Ohio valley floods, being overtopped only by the midwinter flood of 1884, the report declares. In the lower Mississippi the crest stages attained exceeded all previous records between Cairo and Helena.

HEAVY POTATO SHIPMENTS.

Aroostook County Is Sending Out 100
Carloads a Day.

Houlton, Me., Sept. 25.—Potato shipments are being made this week out of Aroostook county over the Bangor & Aroostook railroad at the rate of 100 carloads a day. Shipments for September promise to be about 25 per cent heavier than those of September, 1912, as the record of that month in 1912 was passed Sept. 20, up to which time over 1,600 carloads had gone out of the state. Aroostook farmers expect to have one of the most prosperous potato seasons in years. Last year potatoes started selling at \$1.25 a barrel, and they declined to the record low price of 60 cents a barrel. This year, they started selling at \$1.50 a barrel, and have declined to \$1.10, and this week took a brace up to \$1.25. As Aroostook county has an enormous crop this year, and other states report crops not up to normal, big sales of potatoes at good prices are likely.

FOUL PLAY FOR "BIG TIM"

Trainmen Say Body was Cold When
They Reached It.

New York, Sept. 25.—Trainmen who reached the body of "Big Tim" Sullivan a few minutes after the train passed over the congressman, found it cold, with only a small flow of blood, according to testimony understood to have been given Tuesday before Assistant District Attorney Groehl, who conducted an inquiry into the death of "Big Tim." Reports that the congressman's death was not accidental and that he had met foul play at the hands of thugs, who placed his body on the rails to hide their crime, led to the investigation. A policeman in a Harlem morgue identified the body on Sept. 13, after it had lain nearly two weeks unrecognized. The trainmen were witnesses before Mr. Groehl, who examined also the nurse, who were with the congressman during his last days. The prosecutor said he would not decide until after the inquest next Monday whether to ask for a supreme court order to have the body exhumed to determine the cause of death.

Then He Went.

Young Tom Toote was spending a holiday in the country, and had been invited to the beautiful home of a sweet young thing named Agnes.

"What a charming place!" he said enthusiastically to Agnes' proud parents. "Does it go as far as those woods over there?"

"It does," remarked the somewhat unsympathetic P. P.

"Ah," said Tom, still cheerily, "and to that old stone wall over there, sir?"

"It does," came the gruff answer; "and it goes as far as the river on the south and to the main road on the north."

"Beautiful!" put in Tom.

"Yes," went on the old man; "but it doesn't go with Aggie!"

Then Tom faded peacefully from view.

DIES UNDER WHEELS OF WAGON.

Unknown Man Falls from Team and
Head Is Crushed at South Hero.

South Hero, Sept. 25.—An unknown man was run over and killed by a team on which he was riding Tuesday night near the home of Henry Martin. His companion, who it was said, was much under the influence of liquor, was unable to tell the man's name or other details.

Two teams loaded with farm machinery for the newly purchased Wright farm on Grand Isle were past the Martin place when one of the men fell from his team, a wheel passing over his head and crushing it.

It is thought that the dead man's name was Murphy, from a letter found in his pocket, about 30 cents being found in the envelope in money.

St. Louis, Mo., Sept. 25.—Mrs. Susie E. Mueller, 24, of Webster, hugged and kissed her lawyer, Robert E. Powell, and turkey-trotted from court at Clayton, when it was announced that a divorce from Edward E. Mueller had been granted her.

"I'm 24 years old, but a year has just been taken from my age and I feel like 23," exclaimed Mrs. Mueller as she executed the dance steps in the court room aisle.

Mrs. Mueller, among other charges against her husband, told of being forced to get up at midnight to make wels rabbits for her husband and his friends. He is a leather salesman.

Cincinnati, Sept. 25.—A clash occurred in court and resulted in injuries to Attorney John O. Eckert, counsel for Mrs. Alice Dougherty, who is being sued for divorce, and the commitment to jail of her husband. Several weeks ago Dougherty filed suit for divorce. His wife filed a cross-petition and asked for alimony.

Attorney Eckert had Dougherty in court for failing to pay alimony. Judge Warner told the parties he would continue the case. Dougherty replied that anything the court wanted to do should be done at once. Judge Warner ordered him sent to jail for contempt.

Dougherty then lunged at Eckert, a football star, who met him half-way. It took four deputy sheriffs to separate the combatants.
